Kristine,

Per our discussion this week, this is the direction EPA provided Arkema regarding defining PTM.

I recall that Arkema prepared a figure illustrating the basin-wide distribution of this definition. However, I was unable to coming up with a copy of it in a quick review of my files.

There was quite a bit of subsequent back and forth between EPA and Arkema on this topic, and my understanding is that EPA ultimately agreed to not define any media as PTM for the purpose of the EE/CA work.

Matt
